

CITY OF ANAHEIM
MAYOR CURT PRINGLE

December 16, 2008

Dear City Official,

In my capacity as Mayor of the City of Anaheim, CA since 2002, it has been my privilege to work with American Sports Centers over the past several years. During that time that they have operated their Anaheim center with tremendous success, with many thousands of Anaheim families, as well as families from throughout Orange County and the nation, enjoying the facility each year.

ASC also brings in tournaments and special events that attract out-of-town visitors, generating additional interest and spending in Anaheim. ASC was even instrumental in attracting the 2008 Olympic Gold Medal-winning USA Men's Volleyball Team to make their home in Anaheim.

They are proven professionals and a quality organization. I can highly recommend them to any city official in the country.

Best regards,

Curt Pringle
Mayor
