

Mr. Don Webber,

I would like to say that National Youth Sports is extremely excited about the thought of American Sports Centers building a facility in Arizona!

National Youth Sports has been a community based, non- profit sports league for over 10 years now! We currently have close to 3,000 participants every year that play in our leagues!

We have done a lot of research in regards to what American Sports Centers offers to a community and feel a new center built in our town would be a big plus for all! It is our hope that a partnership can be developed between a great organization such as yours and ours!

Sincerely,

James Vieth
