TO WHOM IT MAY CONCERN:

Please accept this letter of reference on behalf of Mr. Norm Nowell and his American Sports Centers. USA Volleyball began the process of finding a new sea-level training center for our Men's National Team and program in late 2004. Among a number of proposals we received only one really stood out - due to the strong commitment of the City of Anaheim and Mr. Nowell.

The relocation of the Men's program occurred in May of 2005 and we have been delighted with the American Sports Center training facility, the office space for the coaching and technical staff within the facility and the day-to-day support that the facility and its staff provides to the team.

The American Sports Center facility has provided a consistent and positive training environment for the team and contributed in no small way to the team qualifying for the 2008 Olympic Games in Beijing in early 2008.

Sincerely,

Douglas P. Beal
